He will remain at the head of the Philippine commission, which is to be continued. The order creating him civil Governor will be issued by the President through the secretary of war.

Further details regarding the new government are yet to be worked out. The Fourth of July is not selected with a view of having an extraordinary inauguration of the new government, but simply because that is the great American holiday, and is deemed by the administration a good day on which to locate what is believed to be an auspicious event in the history of the Philippines. It is probable that members of the Philippine commission will have charge of the different departments of the

Capt. Manney Took His Battleship, but

Must Not Do It Again. WASHINGTON, June 20 .- The Navy Department has taken cognizance of the action of the commander of the battlesnip Massachusetts in going through Hell Gate to-day on his way from New York to Newburyport. This course is regarded as extremely dangerous for a ship of the dimensions of the Massachusetts, and Secretary Long issued a stringent order to-night that hereafter no battleship shall go through Hell Gate except under conditions

of exceptional emergency. NEW YORK, June 20 .- Without the assistance of a pilot and to demonstrate that a first-class battleship could be navigated through Hell Gate successfully, Capt. Henry M. Manny took the big battleship Massachusetts through the Narrows today. It was the first time in the history of the navy that a war vessel of this class ever attempted the feat, and the river craft and shores were black with spectators. The successful passage of the ship through the dangerous waters of Hell Gate proves that in case of hostilities with a foreign power a battleship of the same draught as the Massachusetts, if she passed the fortifications at Willet's Point and Fort Schuyler, could repeate the performance of the Massachusetts.

### BULLET GRAZED HIS HEAD.

Attempt to Kill A. R. Shepard, Who

Made Washington a New City. EL PASO, Tex., June 20 .- Word has been received from Chihuahua that an attempt has been made to assassinate A. R. Shepard, who did so much to build up the city of Washington during the administration of President Grant. Shepard, after leaving the District of Columbia, many years ago, went to a small settlement in the Republic of Mexico, where he since has been engaged in the mining business.

On Saturday, while Mr. Shepard was some distance from his mine at Batopilas he was shot at by a Mexican in ambush the bullet grazing his head. Shepard beat a hasty retreat in the direction of the setkeeping up a running fire. Luckily none of the bullets went true to the mark and the intended victim finally reached the door of his house. Shepard has great influence among the Mexicans and is almost a king in the little town. As soon as the news of the assault became known the settlement became greatly excited. The neighborhood was searched for miles around and the following morning the assailant was captured.

BENTON, La., June 20 .- There is little excitement here over the lynching of the two negroes, "Prophet" Smith and McLand, last night. It is claimed that the two men were leaders of the secret order and had entered into many conspiracies against the whites. The mob gave Smith five minutes which to pray. The two men were swung up to a tree, their bodies hanging priation of \$10,000 to defray the expenses until noon to-day. McLand met his fate stoically. The evidence obtained by the police

The three members of the supreme council as indicated by regular printed letwere lynched, and Prince Edwards, the murderer of John Gray Foster. Smith. when he came to Louisiana, established himself at Shreveport, but was ordered away by the chief of police as a dangerous character. After the shooting of Foster search of his premises was instituted and the Ark of the Covenant, a rudely constructed box with hoodoo designs on and within it. was found. When it was touched by the searchers the negroes were greatly terrified and declared that but one had advanced far enough to lay hands on the sacred box. The members of the church known as Princes held regular meetings

at which Smith presided with the designation of "king." Following is an exact copy of the minutes of a meeting held on the Foster plantation, showing how business was carried on and the enmity that existed between Smith and his followers and the chief of

Also Prince Edwards. All concurred, demanding six months' affliction on Chief Lake of Shreveport. Next case was the rockers of the building. The case was decided: 'All that rock the building must be punished with death within four days.' A omplaint was taken against J. M. Foster that he should be tormented until he give consent that all saints leave the place Before he was lynched last night Smith confessed that he had loaded the gun with which Foster was killed. Many letters of an incendiary character written by Smith and his gang have been found. The discovery of these evidences of conspiracy led to last night's lynching. SAN ANTONIO, Tex., June 20 .- A dispatch to the Express, from Cotulia, says: "Gregorio Cortez, the alleged slayer of Sheriffs Morris and Glover, is now within a few miles of Cotulla, but has not yet been captured. Tuesday information was received that the Mexican outlaw was headed this way from Campbellton. This evening Sheriff Van, of Kerr county, with his posse on a special train, arrived here and was joined by Sheriff Hill and his posse. They went to Twohig, and from there down the river to cut off Cortez's escape. Last night Sheriff Kinsel wired Deputy Maltzberger that his posse was on a hot trail near Millett, and that Cortez had been seen, but had escaped. Maltzberger and W. C. HER STORY OF THE KILLING OF MRS. CASTLE AT ELDORADO.

Tears in Her Eyes as She Told of Fatally Cutting Her Former Friend with a Razor.

NEW YORK, June 20 .- The case of Thomas G. Barker, charged with shooting Rev. John Keller, at Arlington, N. J., last February, will go to the jury in Jersey City to-morrow about 3 o'clock. A verdict may reasonably be expected before night. Before court adjourned this evening the evidence was all in, and nothing now remains TOLEDO, O., June 20.-This afternoon but the argument of counsel and the

judge's charge. To-day Mr. Keller was once more upon conduct and action when he testified on di-"no" so that it rang through the courtfeature of the day.

Previous to the resumption of the trial to-day there was a whispered conference ST. LOUIS, Mo., June 20.-Superintendent | between Judge Blair and the lawyers in the case, the subject of which was understood to be the publication in several papers of this city and New Jersey of what purported to be a sworn statement by Mrs. Barker of the circumstances of the alleged assault on her by Mr. Keller April 19, 1899, and which constituted, as alleged, the justifaction for the attempt on Keller's life in

February of this year. County Prosecutor Erwin opened the pro ceedings by addressing the court and stating that the published story of Mrs. Barker had been brought to his attention and he hoped the court would take such action as it deemed wise in the matter. The county prosecutor said to make such a statement at such a time was a violation of the line of conduct laid down by the courts in such

cases as the one pending. VAN WINKLE'S STATEMENT. Mr. Van Winkle, counsel for Barker, replied that so far as any contempt was concerned the press might be disciplined as the court pleased. Mrs. Barker, he said, CHICAGO, June 20 .- The Record-Herald had many friends. She was not on trial and bearing on questions of such moment, and to-morrow will say: "The management of her friends had the right to publish any this year it is the same. be thorough. After Miss Louise Germond, Robert Warr and Frank n. This was objected to by the debut the court overruled the object tion. Mr. Keller then denied that he had seen Barker before he was shot or that Barker had said "You --- villain, you outraged my wife.

"Did you ever outrage Mrs. Barker or attempt to do so?" asked Prosecutor Er-The defense objected to this question and Judge Blair sustained the objection "Did you ever borrow \$83 from Mrs.

Barker?" the witness was then asked. "I did not," he replied. Mr. Keller said he had paid money to Mrs. Barker, but it was because of threatening letters sent by Barker and not be cause he owed anything. The minister then denied that Mrs. Barker left the church because of an assault on her. He said he knew the reason, but on objection from the defense he was not allowed to tell what it was. Mr. Keller then left the stand, the defendant's attorneys having no questions to ask on cross-examination.

MRS. BARKER'S REPUTATION.

Mrs. Sands, with whom Keller boards, testified that among many Mrs. Barker's reputation for truth and veracity was bad She also said, in reply to a question by Barker's attorney, that Keller did not pay his board. Keller's reputation for truth and honor, witness said, was good. Three other women and a man testified that Mrs. Barker's reputation for veracity was bad. Mr. William R. Fisher, an expert in mental diseases, testified that on Feb. 16 he saw Barker in the county jail. Barker, on the advice of counsel, refused to submit to an examination as to his sanity The witness said that, reviewing all the circumstances, it was his opinion that Barker was sane at the time of the shooting. Feb. 3, and able to distinguish between right and wrong. Witness had observed Barker closely since the trial began and believed him to be sane. Dr. John D. McGill, superintendent of the police board of Jersey City, who ac companied Dr. Fisher when he went to the iail to see Barker, corroborated the evidence of the preceding witness, and said

he believed Barker to be sane. Dr. J. Leonard Corning, of New York an expert in mental diseases, was the next witness. He said that he had studied Barker during the trial. It was almost invariably the case, the witness said, that an insane man showed evidences of insanty before committing a criminal act. Dr. Corning said Barker showed no evidence insanity on cross-examination. would not agree with counsel for the defense on the proposition that Barker might have been insane before the shooting and have recovered when he saw the blood on Keller's face. At this point the rebuttal for the State rested. Dr. Evans, of Morris Plains Insane Asy lum, was called by the defense. He said that insane delusions may be temporary or permanent and there is no knowing when a delusion may cease. Continuing, Dr. Evans said he found in his examina-

tion of Barker on June 7 evidence of in-sanity, but he has seen no evidence of insanity in him during this trial. The Rev. Mr. Hutchinson, of the Presbyterian Church, Arlington, testified that he had never heard Mrs. Barker's reputation for truth and veracity questioned until after the shooting. It was then called in

This closed the testimony. The defense moved that the photograph of the scene of Keller in bed be eliminated from the evidence. The prosecution withdrew it. The judge said he would limit the summing up to one hour and a quarter on each side. Adjournment until to-morrow.
